PAGE

ABORTION, 10 years' statistics of 530
—— a study of the pathology of habitual 530
—— anuria following criminal *196
—— inevitable, incomplete and septic *838
—— repeated, miscarriages and stillbirths. Value of antisyphilitic treatment 242
Achalasia of the external os *670
Adam, G. Shedden: Rupture of the rectus abdominis muscle *358
Adenocarcinoma of the endometrium, the aetiological, experimental and clinical problem of 722
Adenomyosis uterus 413
Adrenal hypertrophy and female pseudohermaphroditism; the familial incidence of *369
Alkali reserve test in obstetrics and gynaecology, the value of the ... 527
Allen, H. Sandeman: Haematrometra caused by disappearance of the cervical canal after labour *377
Amenorrhoea in young women, the treatment of 713
—— psychogenic or hypothalamic 715
—— and sterility, the treatment of, by X-ray therapy 555
—— not associated with pregnancy in young women 714
—— in the ghetto 555
Amnesia during parturition 538
Amniotic puncture, abdominal, as a valuable aid to differential diagnosis 699
Anaesthesia, continuous spinal, in obstetrics 399
—— combined evipal and scopolamine analgesia and cyclopropane, in obstetrics 887
—— spinal, the protector of the baby in Caesarean section 248
—— spinal, in vaginal deliveries 248
—— gas and air .....†675
—— A statistical study of delivery with continuous caudal, as compared with other methods 537
—— a report of 100 cases of trilene, in labour 249
—— caudal, for obstetrics in private hospital 400
Anticoagulents in postpartum bleeding, the effect of the 540
Anrep, G. V., G. S. Bartram, and A. Ibrahim: The Histaminolytic Index of Blood during Pregnancy and its Clinical Application *619

PAGE

Antenatal and postnatal care .....†516
Anuria following criminal abortion *196
Anus, vestibular, report of a case *824
Aorta, coarctation of the, in association with pregnancy *96
Armond, M. F.: Treatment of eclampsia by intravenous magnesium sulphate alone 117
Arrhenoblastoma, androblastoma 414
—— of the ovary, with a report on two cases 273
Arteries, ligature of the internal iliac, in hysterectomy 725

B

Baber, M.D., and Doreen Daley: Coarctation of the aorta in association with pregnancy *91
Bacteriology of the oronasal cavity of the newborn 547
Barnes, Josephine: Central rupture of the perineum. Report of a case with a review of the literature *351
Barcroft, Sir Joseph: obituary *219
Barton, M., and B. P. Weisner: The receptivity of cervical mucus to spermatozoa 113
Baxter, James: Head flexion in forceps technique *34
—— Foetal brain tumour as a cause of dystocia *380
Biggs, Rosemary, and Elizabeth Rose: The familial incidence of adrenal hypertrophy and female pseudohermaphroditism ...*369
Bender, S.: The value of the Guterman test in threatened abortion*783
Bleeding, pathologic findings in genital, two or more years after spontaneous cessation of menstruation 556
Blood factor relationships, studies of maternal and infantile 125
Blood groups, a summary of present knowledge of human, with special reference to serological incompatibility as a cause of congenital disease 254
—— Rh. I 254
Blood in infancy, the 708
Blood-pressure, the range of, among women who had a normal pregnancy and confinement *778
Blood-urea in the first nine days of life 889
Bonney, Victor: A survey of gynaecological surgery *102
Boorman, Kathleen E., Doreen Daley, and Barbara E. Dodd: The relation between the results of ABO and Rh tests and the clinical condition of 2,000 mothers and infants *281
Bottomley, Janet: A fatal case of primary diphtheria of the cervix and urethra *375
Boudreau, U. A.: Intravenous pentothal anaesthesia in obstetrics with pitocin injections 122
Bowen's disease of the vagina, a case of 564
Bowley, C. Christopher: The antenatal and postnatal care of the erythroblastotic infant *489
Bradshaw, T. E. T.: An investigation of the human placenta for pressor substance 115

PAGE

Breasts in pregnancy, abnormal hypertrophy of the 533
Breast abscesses, treatment of, with penicillin 542
Breech delivery, Bracht's method of 247
Brentnall, C. P.: A note on Fothergill's colporrhaphy *164
—— Obituary 512
Broad ligaments, neoplasms of the 276
Browne, Francis J.: Antenatal and postnatal care .....†516
Brzezinski, A., Y. M. Bromberg, and K. Braun: Riboflavin deficiency in pregnancy, its relationship to the course of pregnancy and to the condition of the foetus *182
Buckell, E. W. C.: Fibroids in Pregnancy, an analysis of 122 cases treated in University College Hospital, London, 1934–1945 ... *70

C

Caesarean section, tubocurarine in 552
—— sulfonamides as a prophylactic agent in conjunction with ... 551
—— the place of, in modern obstetrics 551
—— postmortem 552
—— lower segment, the technique of the *65
Calcium and phosphorus metabolism in pregnancy 432
—— —— in pregnancy, a survey under war and post-war conditions *817
Campbell, I. Colin: A case of spontaneous extra- and intra-peritoneal rupture of a hydronephrosis in pregnancy *853
Cancer of the cervix uteri—the results of treatment with radium *155
—— of the uterine cervix after subtotal hysterectomy 720
—— of the corpus uteri, the radiotherapeutic treatment of 720
—— of the uterus. The vaginal smear. Practical applications in the diagnosis of 564
—— of the corpus, the background of 719
—— selective cytology smear for diagnosis of 900
Capillary fragility and menses in rheumatic girls 875
Carbaminoylcholine, the action and application of, in obstetrics ... 704
Carbohydrate metabolism of the newborn and infants on the basis of double glucose and galactose tolerance tests, a study of 890
Carcinoma of the cervix uteri, examination of the urinary and lower intestinal tracts before treatment of 721
Carcinoma, corpus. A study of 322 cases 565
Carcinoma of the uterine cervix, the treatment of. Considerations on the fiftieth anniversary of the Wertheim operation 721
Cativiela, M. Roncales: Sodium β-glycerophosphate in obstetrics ... 118
Cervical mucus, cyclic changes in the physical and chemical properties of 523
Cervix, infectious granulomatous lesions of the 722
—— and urethra, a fatal case of primary diphtheria of the *375
—— uteri, cancer of the—the results of treatment with radium *155
Cerebral haemorrhage occurring early in pregnancy, note of a case of *659

PAGE

Cerebrovascular complications of pregnancy 397
Charlewood, G. P.: The aetiology of congenital torticollis and certain associated deformities with a suggestion for prophylaxis *499
Chesley, L. C., S. A. Cosgrove, and J. Preece: Hydatidiform mole, with special reference to recurrence and associated eclampsia 118
Child and adolescent life in health and disease .....†107
Childbearing years, the .....†675
Chorionic-gonadotrophin and ovarian tumours 132
Cole, J. T., and F. Delaney: Transverse presentation 399
Colpotomy, posterior, for diagnosis of pelvic diseases 726
Complement of guinea pigs, effect of pregnancy on the 878
Conception, effect of mucous volume on 112
Constriction ring dystocia 703
Contraction, recognition of midpelvic 522
Contraception masking sterility and infertility. Tubal and seminal factors in 1,000 cases 559
Contractile activity of the uterus and vitamin B_1 693
Cruikshank, E. W. H.: Food and nutrition .....†106

D

Demerol in obstetrics, effects of 537
Dewar, J. Bruce, and W. I. C. Morris: Sedation with rectal tribrom-ethanol (avertin, bromethol) in the management of eclampsia *417
Diabetes, pregnancy complicating 883
—— mellitus in pregnancy 534
Diarrhoea, bacterium coli-gomez, a new species isolated in a fatal case of 894
Dicephalic monster *507
Diet in normal pregnancy 879
Drillien, Cecil Mary: Studies in prematurity, stillbirth and neonatal death. Part I. Factors affecting birth-weight and outcome ...*300
—— —— Studies in prematurity, stillbirth and neonatal deaths *443, 452
Dysmenorrhoea, surgical treatment of 554
—— an evaluation of presacral neurectomy in the treatment of ... 554
—— edrisal in the management of 554
—— in industry 554
Dysgerminoma of the ovary 413
Dystocia, foetal brain tumour as a cause of *380

E

Eclampsia, a contribution to the study of 697
—— late postpartum 528
—— patients, prognostic significance of the diastolic blood pressure in 529

PAGE

Eclampsia, recurrent 239
—— report of a case in which there was extensive destruction of the brain 528
—— sedation with rectal tri-brom-ethanol (avertin, bromethol) in the management of *417
—— spontaneous rupture of the liver in, with fatal hemoperitonium 116
—— treatment of, by intravenous magnesium sulphate alone..... 117
Ectopic pregnancy, clinico-statistical data in 436 cases of 701
—— pregnancy, differential diagnosis of Lutein cysts and 132
Eden, Thomas Watts *195
Eller, W. C. : Cerebrovascular complications of pregnancy 397
Endocrine Allergy. Clinical reactions of allergy to endogenous hormones and their treatment *1
Endocervicitis, the present status of 562
Endometrial biopsy, timing of *86
—— tissue in the thigh, ectopic 271
Endometrium, irregular shedding of the 898
Endolymphatic stromal myosis 718
Endometriosis, possibility of extrauterine pregnancy in ovarian ... 885
—— pyrexia as a sign of *858
—— A surgical problem 271
—— in association with pregnancy 243
—— of the recto-sigmoid junction simulating a neoplasm 132
—— of the small intestine 131
—— and adenomyosis 567
—— conservative treatment and therapeutic test for, by androgens 722
—— heterotopic: lumbago, sciatica, and endocrinology 722
Ernst, J. P. D' : Use of methergine in the third stage of labour 121
Erythroblastosis foetalis, kernicterus in 550
—— —— the treatment of 709
—— fetalis, encephalopathy of, its serologic diagnosis and pathogenosis 406
—— —— pathogenesis of 896
Erythroblastotic infant, the antenatal and postnatal care of the ...*489
Estrogens, mixed synthetic, their use in the menopause 556
Exercises, a statistical study on the effects of, on childbearing *77

F

Fallopian tube, primary carcinoma of 724
Farris, E. J.: A test for determining the time of ovulation and conception in women 112
Female reproductive organs, the influence of semen on the *324
Fertility survey in Luton, A. Childlessness and the small family... 265
—— the decline in 410
Fibroid in pregnancy *70
Fistula, treatment of a type of juxtra-urethral vesicovaginal *665

PAGE
FitzGibbon, Gibbon: Inevitable, incomplete and septic abortion ...*838
Flint, W. Frame: An uncommon sequel of secondary rupture of the uterus ...*363
Foetal and neonatal mortality ...*577
—— pathology, some aspects of, with special reference to the role of amniotic bands ...*830
—— movements, a study of, in relation to the mother's activity ... 877
Foetus, hypoxaemia of the ... 237
Foix, A.: Basal temperatures in the normal and pathological menstrual cycle ... 110
Foley catheter, the value of the, in postpartum care ... 707
Folliculin, colorimetric and biological determination of, during the menstrual cycle and pregnancy ... 111
Food and nutrition ...†106
Forceps technique, head flexion in ... *34
Fothergill's colporrhaphy, a note on ...*164
Freeth, A.: Labour in an iron lung. Report of a case ...*216

G

Gemmell, A. A.: An unusual case of adherent placenta treated in an unorthodox manner ...*213
—— Avoidance of catheterization following vaginal plastic operations ...*215
Genital organs, new surgical technique of approach to the appendix and female internal ... 902
Gestation periods ...†387
Gibberd, G. F.: A short textbook of midwifery ...†387
Gill, R. C.: The effect of methyl-ergometrine on the human puerperal uterus ...*482
Glycogenic vacuoles, the speed of appearance of, in the ovariectomized woman (treated with folliculin) ... 691
Gonocytoma. Homologous ovarian and testicular tumours ... 413
Gonadotrophic function, influence of X-rays on the, of the pituitary 691
—— hormones in pregnancy. A simple method of approximate dosage ... 531
Gonadotrophin on the ovary, the action of molar, persisting two months after the expulsion of the mole ... 699
—— treatment, ovarian swelling and intraperitoneal bleeding as a result of ... 556
Gough, William: obituary ... 673
Grasby, E. D. Y.: Combined anterior pituitary necrosis and symmetrical cortical necrosis of the kidneys following accumulated haemorrhage ...*203
Granulosa-cell tumour of the ovary ... 274
Green-Armytage, V. B., F. Silberstein, and G. E. Watchel: The influence of semen on the female reproductive organs ...*324
Greenhill, J. P.: Foetal and neonatal mortality ...*577

PAGE

Guterman test in threatened abortion, the value of the *783
Gynaecologic surgery, absorbable (oxidized) gauze as a haemostatic agent in 276
—— —— a survey of *102
Gynaecology, psychosomatic 263

H

Hadley-Jackson, Margaret: Timing of endometrial biopsy *86
Haematometra caused by disappearance of the cervical canal after labour *377
—— of surgical origin, a case of 555
Haemolytic disease associated with the Rh factor in twin pregnancies 255
—— —— of the newborn 550
—— —— of the newborn, the antepartum prediction of 550
—— streptococci, pathogenicity of Group C (Lancefield) 124
Haemorrhage, combined anterior pituitary necrosis and symmetrical cortical necrosis of the kidneys following accidental *203
Haemorrhagic disease of the unborn *510
Haemoperitoneum due to ectopic chorionepithelioma 412
Hain, A. M. and J. E. Schofield: A case of intersexuality. A clinical and hormonal study *97
Halbrecht, J.: Further observations on the basal temperatures of sterile women *848
Hans, S. F.: Pelvic contraction due to idiopathic steatorrhoea *663
Hawker, R. W.: Studies in nicotinic acid 126
Heart block in pregnancy 534
Heart disease and pregnancy 700
—— —— the obstetric management of pregnancy complicated by 882
Heparin, the use of when performing exchange blood transformation in newborn infants 405
Herpes gestationis, pathogenesis of 701
Heyns, O. S.: A preliminary report on the pelvic brim index *39
Histaminolytic index of blood during pregnancy and its clinical application *619
Hodge pessary, the use of a, for correcting backward displacement of the uterus *885
Hogben test, in comparison with the determination of chorionic gonadotrophin by weight in early and interrupted pregnancy 526
Hoover, S. R.: Prostatism in women 135
Hormones. Features resembling early pregnancies after administration of follicular and corpus luteum hormones in large amounts 702
—— the local action of female sex 711
Hormonal diagnosis in hydatidiform mole and chorionepithelioma ... 533
Hormone treatment in operations for carcinoma of female genitalia 724
Horn, Adalbert: The treatment of intractable cases of essential pruritus vulvae *504

PAGE

Hospital reports:
The Maternity unit, St. Luke's Hospital, Guildford, 1946... 871
Glasgow Royal Maternity and Women's Hospital, 1945 870
Royal Samaritan Hospital, Glasgow, 1945 390
The Bellevue Hospital, New York, 1945–1946 871
Peninsular Maternity Hospital, Capetown, 1946 872
The Royal Victoria Hospital, Montreal, Canada, 1944–1945 391
Medical and clinical report of the Simpson Memorial Pavilion, Edinburgh, 1945 389
Department of Obstetrics and Gynaecology, University of Otago, New Zealand 677
Women's Hospital, Crown Street, Sidney, 1944–1945 391
Hugin, W.: Necrosis of the adrenal cortex and anterior lobe of the pituitary in pregnancy 116
Hulbert, M. H. E.: Radiography as an aid to dose control in the radium treatment of the cervix *137
Hydatidiform mole, with special reference to recurrence and associated eclampsia 118
Hydrogen ion concentration of normal vaginal secretion 689
Hydronephrosis in pregnancy, a case of spontaneous extra, and intraperitoneal rupture of a *853
Hysterosalpingography, pregnancy following, with unconfirmed tubal patency 557
—— injuries caused by 573
—— in extrauterine pregnancy 245
—— diagnostic and therapeutic aspects of kymographic uterotubal insufflation with comparative observations on 733
Hysterectomy, technique of intra-isthmic total 726
—— plastic operations in 574
—— observations on 414

I

Icterus in pregnancy *642
—— gravis neonatorum 253
Incontinence, treatment of, of urine by suspension of the urethra with a fascia lata sling 727
—— of urine in the female, operation for the cure of 903
Infant mortality, studies in 548
Infant deaths, prevention of 258
Infantile beri-beri in Singapore during the latter part of the Japanese occupation 895
Infantile diarrhoea, treatment of with pectin-agar 894
—— ——sulphonamide shock in 893
Infertility, male 267
Intracranial damage in the newly-born 543
Intersexuality, a case of; clinical and hormonal study *97
Isthmic segment, the fibrous nature of the human cervix and its relation to the, in gravid and nongravid uteri 874

PAGE

J

JAYLE, M. F., O. Crepy, S. Vandel, and O. Judas: Colorimetric and histological determination of folliculin during the menstrual cycle and pregnancy 111
—— and O. Libert: Colorimetric estimation of pregnandiol glycuronide during the menstrual cycle and pregnancy 111
Jeffcoate, T. N. A.: Pyrexia as a sign of endometriosis *858
—— The use of a Hodge pessary for correcting backward displacement of the uterus *855
Johnson, H. W.: The clinical diagrams of varying degrees of uterine contraction rings 121
Johnson, K., and C. R. A. Gilbert: Intravenous procaine for obstetrical anaesthesia 122

K

KALMAS, H.: Genetical antigenic incompatibility as a possible cause of the toxaemias occurring late in pregnancy 115
Karnaky, Karl John: The effect of oestrogen (Stilboestrol) on the formed elements of the blood in women *366
Kashmir, expansion of health services in 519
Kenneth, J. H.: Gestation periods .....†387
Kennedy, W. T.: The muscle of micturition: its role in the sphincter mechanism with reference to incontinence in the female 110

L

LABOUR, the second stage of, internal rotation 703
—— the use of radiology in predicting difficult *20
—— the risks of the induction of, by Aburel's method..... 119
—— effect of antispasmodics, on dilatation in 120
—— in an iron lung, report of a case.....*216
—— effect of Pethidine on 120
—— in multigravidae, some factors causing difficult.....*187
—— use of Methergine in the third stage of..... 121
—— the use of posterior pituitary extract in the first and second stages of 246
Lacunar skull of the newborn..... 892
Langerhan's, adenoma of the islets of, in pregnancy 883
Laparotomia estetica en la mujer (aesthetic laparotomy).....†386
Lennon, Gordon: Some aspects of foetal pathology, with special reference to the role of amniotic bands *830
Lerer, Sylvia. Note of a case of cerebral haemorrhage occurring early in pregnancy *659
Leucorrhoea in pregnancy *592
Leucoplakia vulvae, its etiology and results of treatment with vitamin A 576
Ligamentopexy 278
Liston, W. Glen, *et al.* Leucorrhoea in pregnancy, a further study*592
Lochia, complete absence of, following delivery 540

PAGE

Loughran, C. H.: Weight control, diet and fluid balance in pregnancy 115
Lorca, Carlos: Laparotomia esterica en la mujer (aesthetic laporotomy) .....†386

Macfarlane, W. V.: Syphilis in pregnancy 119
McIlrath, Muriel B., and Hellestrand, A. L.: Studies in the biology of the cervix and its relation to puerperal infections.....*746
Malarial patients, premature delivery and stillbirth in 885
Malignant tumours of the female genital organs, the difficulties of early diagnosis of 268
Maliphant, R. G.: Cancer of the cervix uteri: the result of treatment with radium *155
Malpas, Percy: Smellie's method of forceps traction *667
Manchester operation for genital prolapse *632
—— —— with special reference to parturition and complete prolapse 135
Marasmus, the miasm of 125
Martin, W. J.: The range of blood-pressure among women who had a normal pregnancy and confinement *778
Masculinizing tumours of the ovary 569
Maternal mortality, consideration and analysis of 261
—— welfare and the negro 261
Mayer, C.; Estimation of urinary oestrone in pregnancy 113
Membranes, is artificial rupture of the, in normal labour useful?... 536
Menopause, a psychomatic evaluation of the psychiatric and endocrinological factors in the 265
—— pregnancy after the *496
—— a preliminary evaluation of dienestrol in the 715
Menopausal disorders, value of irradiation of the pituitary glands in 408
Menstrual anomalies, studies on the ovary and the endometrium in 263
—— cycle, basal temperatures in the normal and pathological... 110
—— —— the normal 692
Metcalfe, E. Marion: Bilateral ovarian dermoids in a girl of twelve *657
Methyl-ergometrine, the effect of, on the human puerperal uterus...*482
Metropathia haemorrhagica, on the early diagnosis of. Investigations on the uterine mucosa 573
Micturition, the muscle of, its role in the sphincter mechanism, with reference to incontinence in the female 110
Micturition, the disorders of 278
—— in the female, disorders of 279
Midwifery, A short textbook of .....†387
—— textbook of .....†386
Milk, the excretion of drugs in human *426
Miller, James: James Young Simpson and chloroform anaesthesia *729

Ovarian dermoids, bilateral, in a girl of twelve *657
—— function, an experimental study of the influence of haemorrhagic anaemia on the 692
—— aplasia, bilateral 560
—— carcinomata, the clinical treatment of 133
—— cancer, a review of 100 cases of 272
Ovary, solid teratomas of the, with neurological metastases 569
—— masculinizing tumours of the 569
—— torsion of a seminoma of the 570
—— a case of serous adenofibroma of the *382
—— postmenopausal haemorrhage and malignant tumours of the... 275
—— Carcinoma of the 273
—— in salpingitis 268
Ovulation, X-ray irradiation to promote 714
—— effect of cardiazol shock on, in the rabbit 692
—— and conception in women, a test for determining the time of... 112
—— without the formation of a corpus luteum in the human subject 522
—— the time of 876
Oxytocics and sedatives, pharmocological effect of uterine, on the Fallopian tube 693

P

PAINE, C. G.: The interpretation of tests for renal function *172
Paroxysmal tachycardia and flutter in the newborn 890
Pelvic size, graphic portrayal of relative 522
—— variations and a report on the findings in 100 negro women... 232
—— inflammatory disease 267
Pelvic contraction due to idiopathic steatorrhoea *663
—— brim index, a preliminary report on the..... *39
—— infection, clinical evaluation and analysis of 268 cases of..... 561
—— tumours, certain, associated with ascites and hydrothorax... 562
Pelvimetry, standardized radiological 521, 878
Pemphigus of the newborn 894
—— neonatorum, notes on an outbreak of, in a private nursing home 401
Penicillin in treatment of acute puerperal mastitis 251
—— the action of, on the guinea pig uterus..... 398
—— levels of, in the blood after the use in the vagina and rectum of suppositories containing penicillin calcium..... 250
—— sodium, addition of, to anaesthetic agent for local anaesthesia 250
—— absorption of from the vagina 716
—— vaginal absorption of 716
Perisalpingeal cysts, on the origin of certain 723
Pérez, M. L., and Baldi, E. M.: The risks of the induction of labour by Aburel's method 119
Perineum, central rupture of the. Report of a case with a review of the literature *351
Phlebothrombosis and thrombophlebitis in gynaecology and obstetrics 572
Pituitary extract in uterine inertia. Is it justifiable? 704

PAGE

Plasma pitocinase determinations in obstetrics, the value of..... 524
Placental toxin, inactivation and tolerance during pregnancy 525
—— —— desensitization of milk to 525
—— hormones after death of foetus with viable placenta..... 531
—— metabolism of vitamin C 877
—— toxin, the active principle 879
Placenta, an unusual case of adherent, treated in an unorthodox manner *213
—— premature separation of the 529
—— the significance of cervical insertion of the, in the aetiology of abortion and cervico-vaginal fistula 532
—— manual removal of the, a benign procedure 247
—— composition of the human 236
—— permeability of the human, to iso-antibodies 402
—— praevia, on the treatment of 698
—— —— discussion on 241
—— —— the management of, at the Chicago Lying-in Hospital... 396
Plasmoterapia, Estudio de la .....†675
Polar lie, the cause of *345
Poliomyelitis, acute anterior, during pregnancy 701
Postmaturity, the problem 238
Postmortem examination of the newborn infant 259
Postoperative activity and resumption of normal movement, their influence in embolism and thrombosis 134
Postpartum haemorrhage, an analysis of deaths from 705
—— necrosis of the anterior hypophysis, acute 541
—— sterilization, the time for. Report on 150 cases. Bacteriologic studies on the postpartum uterus 707
—— period and early puerperium, factors influencing the..... 888
Pregnancy, heterospecific, the clinical importance of the Rh factor 709
—— icterus in *642
—— nutrition in. The effect of dietary deficiency in pregnancy and the detection and treatment of nutritional deficiency diseases 526
—— fibroids in *70
—— coactation of the aorta in association with pregnancy *91
—— calcium and phosphorus metabolism in *432
—— angular, at term, complicated by constriction ring *477
—— after the menopause *496
—— weight control, diet, and fluid balance in 115
—— necrosis of the adrenal cortex and anterior lobe of the pituitary in 116
—— thyrotoxicosis and 118
—— syphilis in 119
—— retroperitoneal complicating 243
—— cancer of the breast and 243
—— terminal ileitis with obstruction and abscess complicating..... 244
—— acute lymphatic leukemia and 245
—— foetal bones in urinary bladder, unusual termination to ectopic 246
